

# KARLOVESKA PRIMARY SCHOOL

## ABOUT US

Our school was first opened in 1969. It has 493 students and 43 teachers. The school is focused on teaching foreign languages. There are trees and grass around the school and we also have a garden that we take care of.

## OUR PROJECTS

We're a part of Erasmus+, we are a "blue school". That means we drink a lot of water. We also have a drinking water fountain. Every year we do this project called Educate Slovakia - people from other countries teach us about their culture.

## ACTIVITIES

In our school we have a lot of after-school activities.

For example:

- basketball club MBK Karlovka
- Folklore ensemble Dolina
- science experiments, yoga, healthy cooking, art, hip-hop and modern dancing, theater, ceramics and a lot more
