

OUTDOOR LESSON PLAN

<i>School</i>	4th Primary school Iraklion Crete Greece
<i>Subject</i>	Lets go to learn outside
<i>Topic/Theme</i>	Artistic interventions in our school garden
<i>Timeframe</i>	About 3 months
<i>Level</i>	3rd grade of primary school
<i>Activity</i>	Students were separated in groups of 6. They were informed about educational value of a school garden by planting and treating plants
<i>Objectives</i>	<p>Students must :</p> <ul style="list-style-type: none"> • Be informed about educational value of school garden • Mention\report the names\varieties of the plants • Plant and treet trees and plants • Cooperate with their classmates, their teachers and with appropriate competent authorities
<i>Material Media Resources needed</i>	<ul style="list-style-type: none"> • Searching the internet • Reading books about planting\plants • Meeting and discussing with argonomists
<i>Description/ Step-by-step procedure</i>	<p>Since students were informed about educational value of a school garden, they were separated in groups of 6. They dug holes\pits over the soil, in order to get it ready for planting. Afterwards, they planted trees and bushes in certain areas in the garden.</p> <p>After watering the plants, students placed all around small stones painted in hand by themselves, in order to “decorate” the plants.</p> <p>The next day, students drew on a wall - outside school – a big tree with palm –shaped tree leaves!</p>

<i>Reflection/ Assessment</i>	The degree of achievement was evaluated as succesful. Students were able to cooperate, to participate and to get familiar with the environment
<i>Students´ work examples</i>	<ul style="list-style-type: none">• Dig holes\pits• Plant trees and bushes• Hand painted stones• Wall painting
